

Layout Unique Features

Hetch Hetchy Railroad On30

Steve Redeker, Elk Grove CA

Rev 4 4/7/2021

- Dead Rail
 - See Dead Rail Handout
- Monochrome
 - Scenery, Trees, Structures & Details (except people & some details)
 - Backdrop Prototype Photographs (1917-1923)
 - All motive power
 - Most rolling stock
- Layout mirrors the prototype photo on the wall behind it.
 - Photos printed on regular paper, mounted on mat board or push pinned to walls.
 - Photos are black and white “Engineering Prints” made at Staples. 24x36 inch print costs about \$2.
- Layout includes artifacts and a few present day photos.
- Disappearing / Quick Change background photos.
 - “Rollease” manual window roller shades: “R-Series” R8C01-Kit plus brackets (regular and extension), chain, end plug, tube. From AV Outlet (avoutlet.com). Approx \$25 per shade. (Available: Motor drive unit: MTDCRF18-0.2-Kit)
 - Photos printed as “Indoor Banner” \$70 for 5’ x 3’. The banners “yellow” after a couple of years.
- Magnetic Manual Turntable Alignment. Peco ON30 turntables.
- Vertical Hinged Sections for ease of access and continuous running.
- Paper covered foamboard buildings. Major building exteriors are copied from prototype photographs or textures from <https://www.textures.com/>
